★ Fine Edged Tools

Packs a BALANCED Wallop!

This **NEW** 16-oz. Nail Hammer . . . one perfectly forged piece of steel with non-slip, laminated leather handle . . .

is the latest addition to the BUCK BROS. dealer-profit line.

YOUR CUSTOMERS WANT what this hammer has: True-swinging balance for safe, sure nailing, the correct balance that allows proper, effortless wrist-motion, and the sturdiness that means long useful life.

Like ALL Buck Bros. Tools, this hammer carries a complete guarantee against defective workmanship.

★ *Fine Edged Tools*

ESTABLISHED 1853

This fast-selling new tool is built to the traditional Buck Bros. standards of highest quality design and craftsmanship. Its drop-forged alloy steel one-piece body is permanently locked to the leather disc handle.

INDESTRUCTIBLE

UNBREAKABLE
IN NORMAL USE!

ONE PIECE NON-SLIP
MOLDED RUBBER GRIP

BUCK BROS. now offers the *newest* and *finest* in hammer design! The shaft is of high tensile alloy tubular steel, which won't bend or break even under the heaviest normal hammer use. The forged steel head is deep-hardened by a special 2-zone heat treatment for the ultimate in strength and serviceability. Head and shaft are permanently joined by an exclusive inter-granular bonding process.

The one-piece molded rubber grip is bonded to the shaft and provides a shock-absorbing cushion. Multiple perforations assure cool, comfortable, safe handling, wet or dry.

Handsome styled, for maximum eye appeal, the hammer body has a non-glare gun metal finish, with work surfaces brightly polished. This hammer is built to the traditional BUCK BROS. standard of quality — it's the finest of its kind!

Packed 4 hammers to a carton.
Approx. shipping weight 20 lbs. per dozen.
Full freight allowed on 100 lbs. or more
in continental U.S.A.
